To Whom It May Concern:

I am writing in support of Dr. Mark Dietz and the program that he facilitated entitled “Leading in the Administrative Use of Technology for Student Success in the 21st Century Schools: Superintendent Actions and Behaviors Affecting Student Achievement” during the 2010-2011 school year.

The program Dr. Dietz presented for the superintendents of the Allegheny Intermediate Unit 3 was well prepared, and extremely organized. He was also extremely skilled in using technology; which was beneficial to me as a practicing superintendent.

The best part of the program was that it was designed in such a way, that it gave me skills that I can use in my practice immediately.

Dr. Dietz was professional, well prepared, and extremely accessible, and I give him my highest recommendation for presenting to any organization that would be fortunate enough to have him.

If I could speak further on Dr. Dietz’s behalf, please feel free to contact me.

Yours in Education,

Bart Rocco, Ed.D.
